Step shelf ladder, mobile

Number of steps

6 | **8** | 10 | 12 | 14 | 16 | 18

Specification

Working height 3.3 m	Step design Steps	Number of steps/rungs 8 steps	Step width 370 mm	Step depth 80 mm
Step/Rung distance 235 mm	Vertical hook-in height 2.39 m	Ladder length 2.19 m	Base area 950 mm	Inclination 70 °
Outer width 420 mm	Castor diameter 80 mm	Max. load capacity 150 kg	Design type Mobile | With castors	Transport dimensions (plus packaging) 2360 x 600 x 110 mm, 9.76 kg
Business division MUNK Günzburger Steigtechnik	Order no. 041408			

Facts

- Step shelf ladder made of aluminium
- Stable rectangular tube side-rails
- 80 mm deep, ribbed steps R10
- 4-fold edged step-to-side-rail connection
- Easy to move thanks to smooth-running undercarriage at the upper end

We reserve the right to make technical changes and price changes.

- Compact to store when not in use
- Self-locking spring-loaded castors, Ø 80 mm, at the lower end
- Non-slip ladder shoes
- Step spacing: 235 mm
- Ladder width: 420 mm (without castors)
- Ladder width with castors: 600 mm
- Ladder inclination: 70°
- Maximum load: 150 kg
- Please note: Shelf ladders are available in the standard lengths listed, as well as made to measure. To order a made-to-measure ladder, please specify the exact vertical mounting height – the price will be calculated based on the next size up, plus a flat-rate modification fee. Made-to-measure shelf ladders cannot be exchanged.

Scope of supply

- Instructions for use and operation: 1 x
- Spring-loaded castor: 2 x
- Ladder: 1 x

Added value

Industrial grade

Stable and robust for tough everyday working life (including 4-way edging)

- Corrosion-resistant fixtures
- Use of high-quality and high-strength materials
- Versatile and practical accessories

Versatile solutions

- Ladders available in standard lengths or individual dimensions
- Available with and without roll-top as well as a rotatable version
- Optional spring-loaded castors
- For single and double-sided shelves

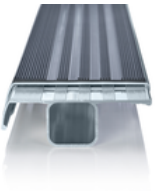
Rail system

- Made-to-measure production of the rail system
- Easy assembly of all components

clip-step step padding

Optimised and certified non-slip protection for greater comfort and safety

- Made of grooved plastic
- Exact fit and easy to clip onto the steps
- Applied up to the maximum accessible step as a visual check
- Retrofittable and available as spare part



We reserve the right to make technical changes and price changes.

clip-step R 13 step padding

Certified non-slip protection for step ladders

- Fulfils the requirements of the highest possible non-slip class R 13 thanks to aluminium oxide particles
- Improves work safety in wet and oil-contaminated environments
- Applied up to the maximum accessible step as a visual check
- Retrofittable, available as a spare part and also in yellow in selected lengths (RAL 1021)
