Material Plastics	Transport dimensions (plus packaging) 598 x 98 x 35 mm, 0.82 kg	Business division MUNK Günzburger Steigtechnik	Order no. 041650	

Facts

- The clip-step R 13 step padding is a certified, non-slip covering for our step ladders. With its plastic profile with aluminium oxide particles, the clip-step R13 step padding meets the specifications of classification group R13 and was classified as V6 for the displacement space in this classification group
- The clip-step R13 step padding is clipped onto the step to cover the whole surface and is custom-fit; it can be removed again without damage to the ladder and leaving no residue
- The clip-step R13 step padding is fitted up to the highest accessible step as defined by DIN EN 131 for step ladders accessible from both sides, functioning as a visual check that the ladder is being used correctly

- Available as single accessory for 12.00 EUR excl. VAT per piece (recommended retail price) for your step ladders
- Please note: Wear and tear of the corundum grit caused by use is typical of this material. Individual particles may also become dislodged during use.

Scope of supply

- Clip-step R13 step padding: 4 x
- Assembly instructions: 1 x
