## ZIG connector 8-40 M8

### Specification

Material Galvanised steel	Weight/piece 35 g	Groove size 8 mm	ISO thread M8	Dimension A 17 mm
Dimension B 29 mm	Dimension C 25 mm	Business division MUNK Profiltechnik	Order no. 930217	

### Facts

- Profile connector with force-fit connection
- Straightforward application, minimal processing effort
- Infinitely variable adjustability, subsequent adjustment possible
- Durable and reliable construction
- Optimised for quick assembly

### Description

Power-locking standard connector for any profile position! The MUNK ZIG connector 8-40 M8 creates stable longitudinal connections between 40 mm profiles – infinitely adjustable, retrofittable and optimised for quick installation.

Universally positionable without notching

- Double-sided design: Allows the connector to be positioned anywhere between the profiles
- Compact design: Weighs 35 g with robust dimensions of 17×29×25 mm
- 8-mm T-slots: Suitable for all MUNK 40-mm and 80-mm construction profiles

- M8 thread: High-strength screw connection with standard pan head screws

#### Flexible installation and adjustment

Infinitely adjustable: Connector can be moved and readjusted as desired after assembly – ideal for precise alignment and subsequent adjustments.

Minimal processing effort: No machining of the profiles required, simply insert the slotted nuts and screw them in place.

#### Typical areas of application

- Machine frames: Longitudinal connections in symmetrical frame constructions
- Conveyor systems: Force-fit beam connections without welding
- Automation technology: Precisely aligned profile connections
- Test benches: Adjustable base frames for variable measuring setups

#### Information on sustainability criteria

---

- Corporate certification: ISO 9001
- Corporate certification: ISO 14001
- Corporate certification: EN 1090
- Corporate certification: EcoVadis
- RoHS
- REACH
- The MUNK Group complies with a Code of Conduct
- The Supply Chain Act does not apply due to our size
- The materials used are listed in the technical specification
- Resource-saving production: own photovoltaic systems
- Energy-efficient consumption during production: LED lighting
- Repairability, durability and quality: 15-year warranty on series products made in Germany
- Recyclability: Our products are mostly made of aluminium, steel or wood and can be fed directly into the recycling process.

- Socially acceptable working conditions in production: fair wages, gender equality
- Economical and recyclable packaging: no use of polystyrene, predominantly use of wood and cardboard, small amounts of plastic
- No health hazards for the users
