Facts

- Live up to the increased requirements on work safety and provide for optimised non-slip protection, safe footing and a comfortable stance on our step ladders
- The step padding made of grooved plastic is clipped onto the step to cover the whole surface and is custom-fit; it can be removed again without damage to the ladder and leaving no residue
- The clip-step tread cover is applied to step ladders up to the maximum accessible step according to DIN EN 131 and thus functions as a visual check for the correct use of the ladder
- The bottom rung is painted a striking yellow and is immediately visible when descending the ladder, allowing for quick orientation

We reserve the right to make technical changes and price changes.

Scope of supply

- Clip-step step padding: 2 x
- Assembly instructions: 1 x
