Facts

- Black cover cap made from plastic
- Embossed MUNK logo
- For a clean finish of the profile cut surface

Description

Professional finishing with brand visibility for all construction profiles! The MUNK end caps with logo made from black plastic provide a clean finish to profile cut surfaces while enhancing brand presence through the embossed MUNK logo – suitable for all common profile sizes from 30×30 mm to 40×80 mm.

High-Quality Construction for Long-Lasting Protection

- Embossed brand identity: The MUNK logo is permanently embossed in the black plastic for a professional appearance

We reserve the right to make technical changes and price changes.

- Four standard sizes: 30×30 mm (6 g), 30×60 mm (18 g), 40×40 mm (7 g), and 40×80 mm (20 g) – suitable for all common profile cross-sections
- Compact design: Only 4.5 mm in height across all variants – discreet yet effective

Functional and Aesthetic Added Value

Safety protection: Prevents injuries from sharp profile edges and protects profile cavities from dirt and moisture. Professional appearance: The black finish with logo gives constructions a premium, unified look with a strong corporate identity effect.

Simple Installation Without Additional Materials

The end caps are simply pressed onto the profile ends – no screws or adhesives required. They remain securely in place but can be removed if needed for maintenance.

Typical Applications

- Machine frames: Professional finishing and brand presence for all visible constructions
- Workstations: Safe and high-quality appearance for ergonomic workstation solutions
- Testing equipment: Edge protection and professional presentation for measuring setups
- Enclosures: Clean end finishes with corporate identity integration for all profile formats
- Automation technology: Professional appearance for customer-facing systems
- Transport frames: Brand visibility and protection for mobile tugger train systems

Discover the MUNK end caps with logo – the professional finishing touch with brand presence for all profile sizes, easily applied today and delivering long-lasting safety and corporate identity.
