Description

Secure standing and effortless rolling in one! The MUNK Profiltechnik 125 mm swivel castor with "stop-fix" brake combines high load capacity with reliable locking – pressed from high-quality sheet steel and featuring double ball bearings for long-lasting mobility.

Precise Design for Reliable Operation

- 125 mm wheel diameter: Ideal balance between manoeuvrability and smooth running at 700 g weight
- "Stop-fix" brake: Prevents unwanted rolling with secure wheel locking

We reserve the right to make technical changes and price changes.

- Double ball bearing: Dual bearing in the swivel head for smooth 360° steering movement
- Load capacity 120 kg: Sturdy construction for heavy transport goods and equipment

High-Quality Materials

Sheet steel body: Pressed from high-grade sheet steel and galvanised for corrosion resistance in industrial and outdoor applications. TPE tyre: Tread made of thermoplastic elastomer (TPE) – floor-friendly, wear-resistant, and quiet. Polypropylene rim: Durable wheel core made of high-quality polypropylene for long service life.

Typical Applications

- Transport trolleys: Mobile picking and tugger train systems with brake functionality
- Machine frames: Movable test benches and machine tools with secure positioning
- Workstations: Height-adjustable assembly tables and mobile workbenches
- Warehouse equipment: Roll containers and material trolleys for flexible handling

Discover the MUNK 125 mm swivel castor with brake – the reliable mobility aid that rolls when you need it and stands firm when it matters.
