Work platform rigid steel grating with castors

Number of steps

2 | 3 | 4 | 5

Specification

Working height 2.6 m	Platform height 600 mm	Top surface depth 300 mm	Top surface width 550 mm	Step/Platform surface Stahl-Gitterrost
Non-slip class R12	Base area length 970 mm	Base area width 730 mm	Design type Starr | Mit Rollen | Einseitig begehbar	Number of steps/rungs 3 steps
Max. load capacity 150 kg	Material Aluminium | Stahl verzinkt	Transport dimensions (plus packaging) 850 x 730 x 600 mm, 16.5 kg	Business division MUNK Günzburger Steigtechnik	Order no. 051019

Facts

- Aluminium work platform
- Sturdy, welded bar design
- 220 mm deep steps made of steel grating ensuring a secure footing
- Top tread surface: 550 x 300 mm
- Two lifting castors for easily moving to new locations (enclosed separately)
- Non-slip plastic shoes
- Step spacing 200 mm

- Maximum load: 150 kg

Scope of supply

- Platform: 1 x
- Instructions for use and operation: 1 x

Added value

Safe working

- Handrails for safe ascent and descent
- Large-format, non-slip platforms
- Sturdy designs for secure stance

Industrial grade

- Robust design for demanding applications
- Use of high-quality and high-strength materials

Variant diversity

- Step stools with basic constructions made of aluminium rectangular tube slide-rails or steel round tube
- Welded and bolted versions
- Various step and platform designs

From small to large

- The right product for every application
- One-sided and two-sided variants

Non-slip plastic shoes

- Ensure secure stance
- High impact and abrasion resistance
- Simple replacement in the event of wear

Added ergonomics

- Integrated or retrofittable castors for easy movement from place to place
- Handles for ergonomic handling
- Foldable products for easy transport

Sponsored by BG BAU

Specification subject to conditions; for the latest information please visit the BG BAU website (statutory accident insurance company for the construction and construction related services in Germany). Since 2014, the BG BAU has been promoting the purchase of platform ladders, step stools and ladder accessories with single-sided and double-sided access. All members of the BG BAU profit from this. This aims to prevent work accidents on building sites and improve ergonomic working practices. For more information by BG BAU, please visit:
