Facts

- The clip-step R 13 step padding is a certified, non-slip covering for our step ladders. With its plastic profile with aluminium oxide particles, the clip-step R13 step padding meets the specifications of classification group R13 and was classified as V6 for the displacement space in this classification group
- The clip-step R 13 step padding provides extra workplace safety, particularly in wet or oil-contaminated work environment
- The clip-step R13 step padding is clipped onto the step to cover the whole surface and is custom-fit; it can be removed again without damage to the ladder and leaving no residue

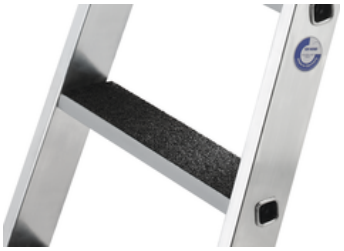

We reserve the right to make technical changes and price changes.

- The clip-step R13 step padding is fitted up to the highest accessible step as defined by DIN EN 131 for step ladders accessible from both sides, functioning as a visual check that the ladder is being used correctly
- Please note: Wear and tear of the corundum grit caused by use is typical of this material. Individual particles may also become dislodged during use.
- The bottom rung is painted a striking yellow and is immediately visible when descending the ladder, allowing for quick orientation

Scope of supply

- Clip-step R13 step paddings (different lengths): 2 x
- Assembly instructions: 1 x
